

## The Engineering Design Process

Engineers and designers use the engineering design process, shown in the diagram below, to solve a problem by creating new products or systems.

1. What is the problem you are attempting to solve?

**The problem that I am trying to solve is that I would like to be able to**

2. Where did you find information on egg drop designs?

**I was able to locate a few great resources by**

Write the exact web addresses here.

3. List the requirements for the egg drop.

**The requirements for the Egg Drop are as follows:**

1.
