Double Dutch

How Do You Start a Double-Dutch Team?

A coach from your school wants to start a double-Dutch team. The coach doesn't know anything about the sport. Based on information from "Double Dutch," what advice would you give him?

Read page 119. Think about the steps Coach Rockett used to start his team. Then write an e-mail to the coach explaining how you would start a double-Dutch team. Be sure to use transition words that make the sequence of steps clear.
